**Welcome to**

**St Martin or Sint Maarten**

**Our beautiful Island**

Situated in the Northwest of Guadeloupe at about one hundred fifty miles, St Maarten is divided into two parts: the French part with Marigot, as the capital, the Dutch part with Philipsburg, as the capital.

There are two airports: Grand-Case (french part) and Juliana (English part).

You can find wonderful beaches with many activities (jet ski, diving, windsurfing) Sunsets are amazing! You must go to Pinel island a corner of paradise.

There are museums: Fortress Louis, Museum of the sea .... Don't forget the market of Marigot.

The gastronomy is rich... Eat the Jonhy Cake, delicious Grilled ribs, chicken in the open air in Grand-Case, or if you prefer, there are many restaurants (more than three hundreds).

## St Martin

It's the dream place to go shopping. There are many luxury shops (jewel shops, perfume shops) in Marigot and Philipsburg. You can have tax free products.

The evenings are very fun. You have a lot of nightclubs, bars, beaches parties and casinos there.

Come in this magic island for its beaches, its culture. Choose your hotel, they are so many. You can go to Fantastic Marigot hotel... The population is so welcoming, anyway, St Maarten is the friendly island. We are waiting for you.

See you soon !
